Thursday, July 14, 2011

3 p.m. – 4 p.m.

Rall Building, Rodbell B

"PCBs, Nutrition, and Endothelial Cell Function: Implications in Atherosclerosis"

Bernhard Hennig, Ph.D.

Director, University of Kentucky Superfund Research Center
Molecular and Cell Nutrition Laboratory
College of Agriculture, University of Kentucky

Host: Heather Henry, Ph.D.

For further information, contact: henryh@niehs.nih.gov

Security Information: The NIEHS has moved to a higher level of security awareness. More stringent requirements for access to the NIEHS campus have been implemented. Any individuals seeking access to the NIEHS campus to attend a conference/seminar will need to be prepared to show two forms of identification such as a driver's license plus a company ID, a government ID, or a university ID. You will also be asked to name the title or sponsor of the event you wish to attend. Thank you for your cooperation.

Individuals with disabilities who need accommodation to participate in this event should contact Heather Henry at 919-541-5330 or email: henryh@niehs.nih.gov. TTY users should contact the Federal TTY Relay Service at 800-877-8339. Requests should be made at least 5 business days in advance of the event.
