Monday, October 16, 2000
8:00 AM -- 12:00 PM (4 hours)

1. Future Directions 8:00 – 11:15 a.m.

The purpose of this session is to brainstorm and discuss several issues of importance to COEPs. An anticipated outcome of these four discussions is a set of action items or tangible activities that COEPs and/or the NIEHS may pursue over the course of the next year. It is designed to facilitate discussion among the COEP Directors and foster an environment for questions and answers as to how COEPs may enhance and/or sustain their ongoing work.

- (a) COEP Collaboration (45 min)
Facilitator: Laura Hemminger

This session will focus on the interactions between COEPs, specifically how they can be developed and/or strengthened and sustained.

- (b) COEP-Researcher Interaction (45 min)
Facilitator: Brad Hawkins

A major component of COEPs is to assure that outreach activities are an outgrowth of the Center's research aims/focus. This session will address the issue of how COEPs can establish, enhance and maintain working relationships with Center investigators.

--Break (15 minutes)--

- (c) Funding Sources (45 min)
Facilitator: Stefani Hines

Finding enough resources to pursue all outreach interests can be difficult. This session will help COEPs identify additional funding sources or means for increasing support by learning from one another.

- (d) NIEHS Future Directions (45 min)
Facilitator: Liam O'Fallon

This brainstorming session will be an open forum to consider ways in which COEPs and NIEHS can work together to enhance COEP activities and meet the goals of the NIEHS.

2. Resource Center 11:15 – 11:45 a.m.

- Continued discussion. After having time to contemplate the resource center concept and its development process, this time is being set aside for COEP Directors and Coordinators to ask questions.

3. Final Discussions 11:45 – 12:00 p.m.

- Sum up final thoughts on the meeting and topics addressed. Recommend topics to be addressed at next year's meeting. Identify action items. Review issues to be presented to Center Directors Tuesday morning.
