

Translation Research at Texas A&M

K.C. Donnelly and R.L. Autenrieth

Specific Aims:

- 1. Collaborate with site managers in Regions 6 and 10 to integrate SBRP bioassay protocols into site assessments.**
- 2. Provide training to EPA and/or TCEQ**
- 3. Support an international conference on health and the environment in Central & Eastern Europe**

Aim 1:

- **Establish a “National Bioassay Network”**
- **Compare ecological or human health risk assessment as determined by chemical analysis, aquatic bioassays, SBRP bioassays**
- **Develop an alternative methodology for bioassay-based risk assessment**

Aim 2:

- **Environmental Health for Public Health**
- **Site Assessment & Remediation**
- **Other training**

Aim 3:

- **2nd Conference held in Bratislava, Slovak Republic, Oct. 22-25, 2006;**
- **Over 145 attendees from 22 countries;**
- **5 SBRPs provided posters & faculty or students**
- **Co-sponsored by USEPA, ATSDR, European Environmental Agency, WHO**
