

APPALACHIAN HEALTH & WELL-BEING FORUM

Monday, July 25, 2016, from 6:30 to 8 pm

Forum

The **Appalachian Health and Well-Being Forum** celebrates communities and partners working to develop and sustain a healthier, more resilient Appalachia. The forum will include a panel of local community and health leaders who will highlight model programs and activities; share success stories and lessons learned; and provide opportunities to connect individuals and groups working in overlapping areas to improve the overall health and well-being of Eastern Kentucky.

Location

Letcher County Cooperative Extension Office
478 Extension Drive, Whitesburg, KY

in Rural Health
Hazard, KY

MAKE PLANS TO JOIN US ON MONDAY, JULY 25

Community

Appalachian Eastern Kentucky boasts a richness of community and a strong sense of place rooted in its mountains, its rivers, its music, and, most importantly, its people. As these communities strive to address well-documented and long-standing regional disparities in health and well-being, many promising community-level efforts already are in place, while others are in different and exciting stages of development.
