Health and Safety Library and Curricula Catalog Updates

Manfred Stanfield
MDB, Inc
Durham, NC Office
(919) 806-4570

Purpose

- Overview of Health and Safety Library
- Demonstration of Health and Safety Library site
- Overview of Curricula Catalog

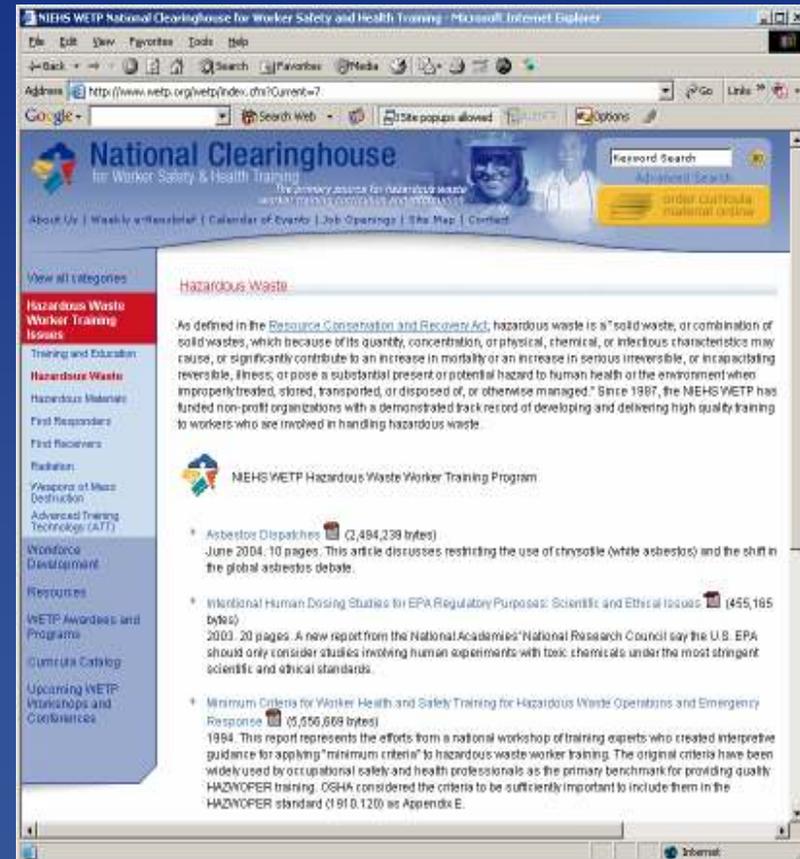

What is the Health And Safety Library (HASL)?

HASL is a repository of important health and safety-related documents produced by awardees, private industry, and government agencies.

Health and Safety Library

- Health and Safety-related documents
 - Easy to search
 - Easy to download
 - Easy to find by category

Searching the Health And Safety Library

- Search is easy to use
- Search by keywords
- Search by category
- Can be combined with Curricula Catalog and site search

The screenshot shows a web browser window displaying the National Clearinghouse for Worker Safety and Health Training website. The search bar contains the text "WTC". The search results are displayed under the heading "Health and Safety Library Search Results". The results show three items, each with a score of 100%:

- [WTC: Worker and Volunteer Medical Screening](#) - Score: 100%
Health and Safety Library.
January, 2003. 34 pages. In order to assess the prevalence and severity of health problems and hazardous exposures experienced by workers and volunteers participating in the World Trade Center Worker and Volunteer Medical Screening Program, participants' medical charts were reviewed. This interim report summarizes data on a random sample of 250 of the first 500 patients examined under the auspices of the Program during the period July 16-August 28, 2002. [More](#)
- [NIOSH WETP Report: Lessons From Disasters: Weapons of Mass Destruction Preparedness](#) - Score: 100%
Health and Safety Library.
No description is available for this document at this time.
- [Increasing the Training of Skilled Support Personnel for Responding to Terrorist Actions](#) - Score: 100%
Health and Safety Library.
No description is available for this document at this time.

At the bottom of the results, there is a partial entry for:

- [Air Levels of Carcinogenic Polycyclic Aromatic Hydrocarbons after the World Trade Center Disaster](#) - Score: 100%
Health and Safety Library.
August 2004. 4 pages. PDF. A study that examined air levels of carcinogenic polycyclic aromatic hydrocarbons.

Demonstration of Health and Safety Library Site

Operated by MDB, Inc.

Curricula Catalog Objectives

- Better integration of DMS modules
- More robust and scalable DMS
- Update Curricula Catalog public and awardee administrative screens
- Update Curricula ordering/downloading

Curricula Catalog Issues

- Poor integration of DMS modules
- Complex Curricula Catalog forms are difficult to maintain and enhance
- System will no longer accept multiple files for each course item
- Curricula ordering and downloading screens are difficult to use

Curricula Catalog

- Existing screens are very complex and hard to use.

Prototype Curricula Catalog

- Small forms
- Tabular forms
- Updated help screens for all new forms

The screenshot shows a Microsoft Internet Explorer browser window displaying a form titled "WETCIS Comp - Microsoft Internet Explorer". The address bar shows the URL "https://files.niehs.nih.gov/wetcis/comp/cls.html?id=906". The form has four tabs: "COURSE DETAILS", "COURSE OWNER", "COURSE MATERIALS", and "COURSE DELIVERY". The "COURSE DETAILS" tab is active, showing the following fields:

- Course Title:** 40-Hour Hazardous Waste (LAST MODIFIED: 08/16/2004)
- Course Title:** (255 chars max.) * [40-Hour Hazardous Waste]
- Course Type:** [Basic Superfund Site Worker (101)]
- Description:** Subject matter: OSHA 1910.120 regulation, Worker Right to Know, personal protective equipment, training to allow workers to work on Superfund and Department of Energy sites.
- Training Provider:** [Center To Protect Workers Rights (23)]
- Course Caveats:** [None]
- Special Instructions:** [None]
- Active:** (Only Active courses will be visible on the public site)

At the bottom of the form are two buttons: "Save Changes" and "Reset Original".

Prototype Curricula Catalog (continued)

- Forms are attribute-based
- Forms are easy to use and uncluttered
- Updated help screens
