

## Workshop Description

*3/30/07 3:00pm Workshop Block 6*

**42. Disaster response training opportunities and challenges (CPWR – Chris Trahan & Spencer Schwegler)** *Track: Emergency/ Disaster Response and Preparedness*

This workshop describes approaches and opportunities in Disaster Response Training for construction workers. We will outline the challenges and barriers to accomplishing this training, and facilitate a discussion to develop potential solutions to the barriers.

Together, we will explore a series of innovative approaches to “pre-disaster” Disaster Response Training by discussing ideas and experiences with participating peer trainers.
