# **RFA-ES-22-004 - SBIR E-Learning for HAZMAT and Emergency Response (R43/R44 Clinical Trial Not Allowed) Informational/Q&A session**

## Schedule

- Welcome and Brief Overview
- Human Subjects and Appropriate Exemptions
- Information on Clinical Trials for this FOA
- Q & A

## RFA Update

- The RFA has an updated due date of August 16, 2022.
- New for this year:
  - Technology-enhanced training products to support the safety and health training:
    - Of individuals in the [Environmental Career Worker Training Program \(ECWTP\)](#) with the goal of preparing and training underserved and vulnerable workers for careers in environmental remediation, green industry, and construction jobs;
    - On the opioids and substance use national disaster; and
    - In [emerging industries and technologies](#) such as climate change/resilience, environmental justice, and alternative energy.

## NIEHS Worker Training Program (WTP)

- The mission of the NIEHS WTP is to support the development of a network of non-profit organizations that are committed to protecting workers and their communities by delivering high-quality, peer-reviewed safety and health curriculum to target populations of hazardous waste workers and emergency responders.
- The focus of the NIEHS WTP e-Learning SBIR is to further the development of Technology-Enhanced Training Products to assist both students and instructors in the safety and health training of workers exposed to hazardous materials.
