

High Impacts Tracking System

Tag List

 <p>award</p> <hr/> <p>Honored for research or service (AAAS, IOM, SOT, etc)</p>	 <p>biomarker</p> <hr/> <p>Identified a new biomarker for an exposure or health outcome</p>	 <p>clinical impact</p> <hr/> <p>New treatment or other patient-related impact</p>
 <p>collaboration</p> <hr/> <p>Collaboration between research partners</p>	 <p>community partnership</p> <hr/> <p>Formed a new partnership with community members</p>	 <p>congressional briefing</p> <hr/> <p>Presented data to Congress to inform decision-making</p>
 <p>curriculum</p> <hr/> <p>Created or revised a set of teaching instructions</p>	 <p>data available</p> <hr/> <p>Data made publicly available for others to use</p>	 <p>data, software, models</p> <hr/> <p>Developed databases, software, or statistical models</p>
 <p>economic impacts</p> <hr/> <p>Impact on health care costs, remediation or income</p>	 <p>fact sheets, materials</p> <hr/> <p>Created documents to communicate findings</p>	 <p>gene identification</p> <hr/> <p>Identified genes associated with exposure susceptibility</p>
 <p>leadership</p> <hr/> <p>Researcher nominated to a significant leadership position</p>	 <p>measurement tools</p> <hr/> <p>Developed new tools to measure exposures</p>	 <p>media coverage</p> <hr/> <p>Coverage of research findings in mass media or social media</p>
 <p>meetings or workshops</p> <hr/> <p>Hosted meetings or workshops to discuss findings</p>	 <p>meta analysis</p> <hr/> <p>Conducted meta analysis of environmental health findings</p>	 <p>methodology</p> <hr/> <p>Created a new process for analyzing exposures</p>
 <p>model system</p> <hr/> <p>Created a new model system (animal, plant, cell, etc.)</p>	 <p>patent</p> <hr/> <p>Awarded a patent for a new innovation</p>	 <p>policy, regulation</p> <hr/> <p>Research informed a policy, regulation or legislation</p>
 <p>publications</p> <hr/> <p>Significant publication, like the cover story of <i>Nature</i> or <i>Cell</i></p>	 <p>public health</p> <hr/> <p>Implemented an intervention that improved public health</p>	 <p>remediation</p> <hr/> <p>Improved environmental remediation methods</p>
 <p>scientific finding</p> <hr/> <p>Major scientific finding that moves the field forward</p>	 <p>success stories</p> <hr/> <p>Stories that demonstrate success and achievement</p>	 <p>subsequent research</p> <hr/> <p>Additional funding from NIH or others to continue research</p>
 <p>training</p> <hr/> <p>Conducted training for stakeholders, also mentoring</p>	 <p>translational research</p> <hr/> <p>Bridging of research from one translational area to another</p>	<p>icon acknowledgements</p> <hr/> <p>Becris, Gregor Cresnar, Freepik, Madebyoliver, OCHA, Vectors Market</p>
