The Keystone Science Lecture

SEMINAR SERIES

Brought to you by the Division of Extramural Research and Training

Wednesday, January 24, 2018

1:00–2:00 p.m.
NIEHS Keystone Building, Room 1003AB
530 Davis Drive, Morrisville, N.C.

Non-Targeted Environmental Exposomics:
New Approaches for Identifying Organic Pollutants Relevant to Ecological and Human Exposure

P. Lee Ferguson, Ph.D.
Associate Professor, Department of Civil and Environmental Engineering
Pratt School of Engineering and Nicholas School of the Environment
Duke University

Host: Heather Henry, Ph.D.

Individuals with disabilities who need accommodation to participate in this event should contact Heather Henry at 984-287-3268 or henryh@niehs.nih.gov. TTY users should contact the Federal TTY Relay Service at 800-877-8339. Requests should be made at least 5 business days in advance of the event.

Any individual seeking access to the NIH campus will need to be prepared to show a photo ID (e.g., driver’s license, or a company, government, or university ID) and provide either a copy of this flyer or pertinent information about the lecture.
