The Keystone Science Lecture
SEMINAR SERIES
Brought to you by the Division of Extramural Research and Training

Tuesday, July 31, 2018
11:00 a.m. – noon
Keystone Building, Room 1003AB
530 Davis Drive, Morrisville, N.C.

Novel Approaches to Assess Exposures to Hazardous Chemicals in the Diet and Environment

Robert Turesky, Ph.D.
Professor, Masonic Cancer Center and Department of Medicinal Chemistry
University of Minnesota

Host: David Balshaw, Ph.D.

Individuals with disabilities who need accommodation to participate in this event should contact David Balshaw at 984-287-3234 or balshaw@niehs.nih.gov. TTY users should contact the Federal TTY Relay Service at 800-877-8339. Requests should be made at least 5 business days in advance of the event.

Any individual seeking access to the NIH campus will need to be prepared to show a photo ID (e.g., driver’s license, or a company, government, or university ID) and provide either a copy of this flyer or pertinent information about the lecture.
