The Keystone Science Lecture

SEMINAR SERIES

Brought to you by the Division of Extramural Research and Training

Wednesday, May 9, 2018
1:00–2:00 p.m.
NIEHS Building 101, Rodbell B
111 TW Alexander Drive, Research Triangle Park, N.C.

Arsenic and the Human Genome:
Susceptibility and Response to Exposure

Brandon Pierce, Ph.D.
Assistant Professor, Departments of Public Health Sciences and Human Genetics
University of Chicago

Host: Kimberly McAllister, Ph.D.

Individuals with disabilities who need accommodation to participate in this event should contact Kimberly McAllister at 984-287-3287 or mcallis2@niehs.nih.gov. TTY users should contact the Federal TTY Relay Service at 800-877-8339. Requests should be made at least 5 business days in advance of the event.

Any individual seeking access to the NIH campus will need to be prepared to show a photo ID (e.g., driver’s license, or a company, government, or university ID) and provide either a copy of this flyer or pertinent information about the lecture.
