ESF MISSION ASSIGNMENT SUBTASKING REQUEST

FEMA-Assigned MA Number: 1604DR-MS-OSHA-01 ESF Primary Agency: OSHA

Subtasked Agency: NIEHS State: _____ Disaster No. 2005082401-
Hurricane Katrina

Taking Statement/Statement of Work

NIEHS is tasked with developing course materials to train trainers, identify training locations, deploy trainers, and deliver training to target populations of federally supported responders in the Katrina response zone. In conducting this tasking, DOL/OSHA will provide NIEHS with contact information at the Joint Field Offices to coordinate these training activities with the other Federal Agencies. NIEHS will award administrative supplements to its current Worker Training Awardees to provide response orientation training to federal employees and federally-sponsored contractors engaged in hurricane recovery and remediation activities. In conjunction with OSHA, NIEHS WETP will develop a process to share and distribute relevant training and education materials through its web site and training distribution network within the Katrina response zone.

Project Completion Date: 10/31/2005 Authorized Funding: \$302,000

Reimbursement Procedure: Upon completion of scope of work, the subtasked Federal agency will submit a SF 1081, or other approved Treasury form to request reimbursement, detailing expenditures and activities to:

Occupational Safety and Health Administration (ESF Primary Agency)

Katrina HASP Training Requirements

OSHA Katrina HASP contains the following training requirements:

All agency and contractor personnel engaged in response operations must be trained to recognize and avoid hazards.

This training is composed of several elements:

- ***General training for disaster site workers***
- ***Site-specific training***
- ***Task specific training, including any mandated training requirements***
- ***Pre-deployment and pre-job briefings***

- *Site-specific training includes an overview of conditions specific to the locales where the employee will be deployed. Task-specific training includes items such as hazard communication, PPE, use of tools, safety at elevations, etc. Training that is mandated by various agencies, such as OSHA, EPA, USCG, DOT, etc., shall be provided in accordance with those agencies' guidelines.*
