Trends and Labor Market Study Panel

Moderator: **Sharon Beard**

Panelists:

David Cormier, West Virginia University

Owen Douglass, Weston Solutions, Inc.

David Anderson, Clean Harbors, Inc.

Dr. David Cormier, a labor economist from West Virginia University under contract with the National Clearinghouse, revisited the 1996 study of the hazardous waste market. He will share the results of his most recent evaluation that was conducted through available electronic databases. Two contractors will then offer reactions to the study results and communicate insights on how their

companies have responded to the labor needs in the environmental, construction, and hazardous waste markets. In addition, they will convey information regarding emerging trends in this field and how their companies are maintaining a trained and qualified workforce.

11:15 a.m.

Update to the Minimum Criteria and Interpretive Guidance

John Moran, National Clearinghouse for Worker Safety and Health Training

John Moran will provide the framework for updating the Minimum Criteria and Interpretive Guidance through the Spring 2005 National Technical Workshop.
