

Workshop Description

3/30/07 3:00pm Workshop Block 6

38. Energizing the BMWT program with former graduate involvement (*UMDNJ – Donald Kilinger & Everett Kilgo*) *Track: Life Skills and Job Training*

Graduate involvement in different phases of the BMWT and MWT programs is essential for success. In addition to serving as role models for the current class, they are a valuable resource for peer motivation. Their success, after the completion of the program, is the best testimonial for recruitment. Former graduates are also a great avenue for job networking and assisting the program with recruitment and try-outs. This presentation will be a round-table discussion.
