

Setting the Stage for the Worker Training Program 2015-2020

*Leveraging Program Collaborations,
Strengths, and Data*

Fall 2015 Awardee Meeting and Workshop

SEPTEMBER 28-30, 2015 • Research Triangle Park, NC

Operational Matrix

- What is the operational matrix?
- Why did we do this?
- What's in it for you?
- What do we want you to know or do?
- How does this differ from the RFA? Are you expected to reprogram your funds to match this if you're not already doing it?
- Will you be rewarded for doing this or punished for not doing it?

What's with all of the dots?

Activity	WTP	Clearinghouse	Awardees	OD Bethesda (ODB)
Goal 1: Improved Safety Culture in the Workplace				
1a. Increased Worker Empowerment				
• Ensure worker trainer concept survives	●	●	●	●
• Focus on Ebola/biosafety training	●	●	●	●

Red=HWWT; Green=ECWT; Blue=HDPT; Orange=DOE; Light Blue=SBIR

Please simplify this for me!

- HWWT – has only 4 lead dots 
- ECWT – has only 2 lead dots 
- HDPT – has only 7 lead dots 
- DOE – has only 3 lead dots 
- SBIR – No lead dots!!! 

Over simplification?

- You should all be able to find activities or initiatives on this matrix that you are already involved in or plan to be involved in
- If you didn't, you wouldn't have been funded
- You need to be aware of your funder's priorities; what initiatives are important to them and what partnerships they are pursuing.

• Integrate disaster resilience materials into training

Final remarks on the operational matrix

- Helps us understand who is doing what
- Some initiatives are primarily done by awardees, others are primarily done by the program or the Clearinghouse.
- Some are dependent on the other parties' participation, while others are not.
- This document helps us understand that all a bit better.

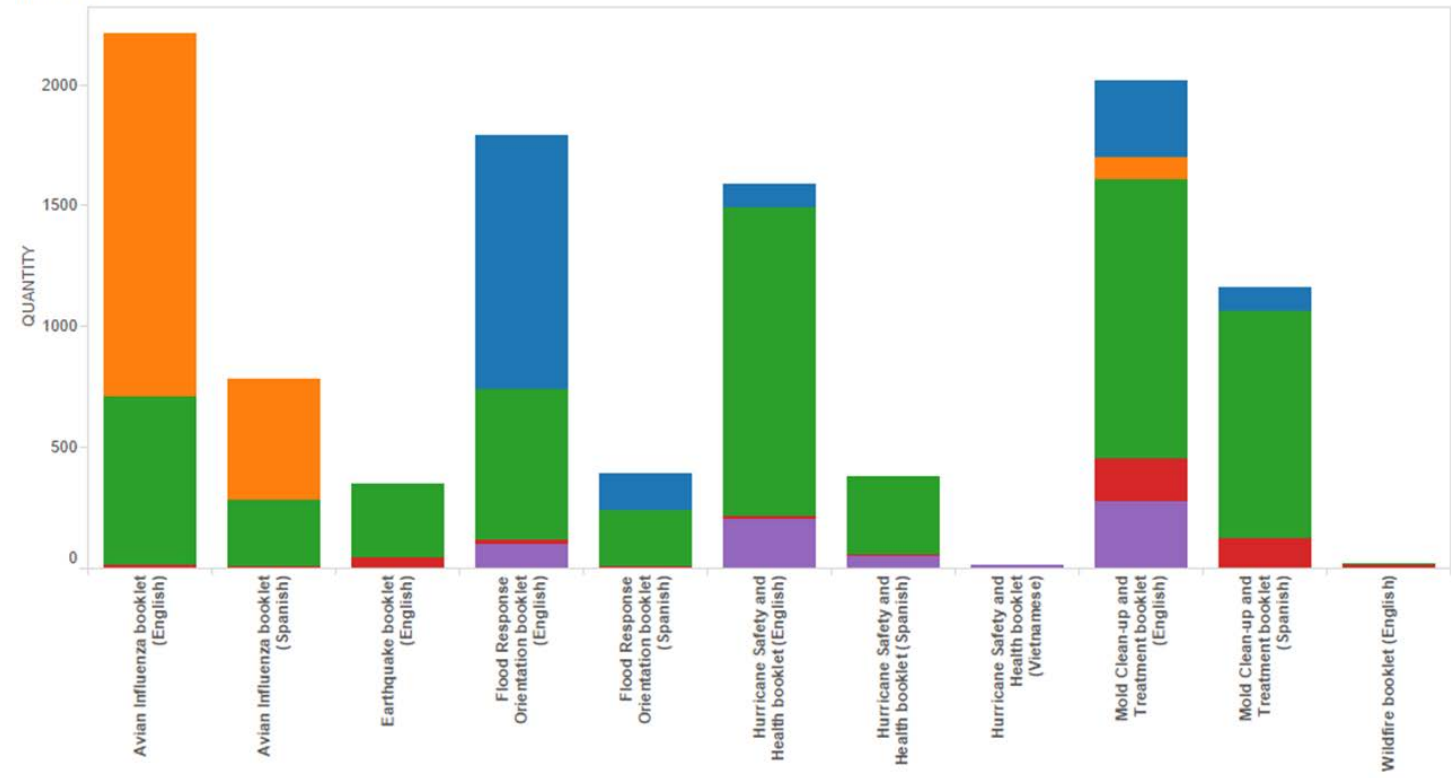

Interesting Booklet Statistics

Booklet	Number of Booklets Ordered
Avian Influenza booklet (English)	2,210
Avian Influenza booklet (Spanish)	780
Earthquake booklet (English)	351
Flood Response Orientation booklet (English)	1,790
Flood Response Orientation booklet (Spanish)	391
Hurricane Safety and Health booklet (English)	1,591
Hurricane Safety and Health booklet (Spanish)	382
Hurricane Safety and Health booklet (Vietnamese)	10
Mold Cleanup and Treatment booklet (English)	2,015
Mold Cleanup and Treatment booklet (Spanish)	1,160
Wildfire booklet (English)	20
Total	10,699

Book Type by Audience

Sheet 2

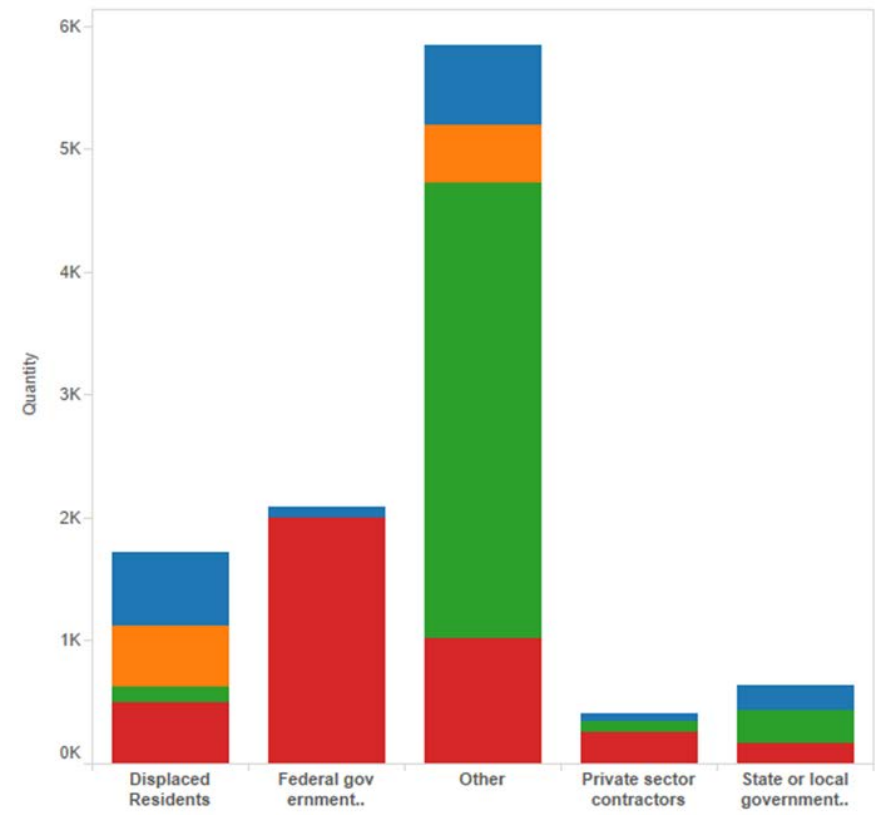

Sum of QUANTITY for each Product Name. Color shows details about AUDIENCE.

- AUDIENCE**
- Displaced Residents
 - Federal government employees/contractors
 - Other
 - Private sector contractors
 - State or local government employees/contractors

Intended Use by Audience

Sum of Quantity for each Audience. Color shows details about How Will It Be Used.
