E-learning & Minimum Criteria

Please discuss and provide *at least* one minimum criteria for e-learning that falls within the categories listed below.

Category	Assignment (by table)
E-literacy/user-friendliness	Tables **1 – 4**
Supports group learning and empowerment learning	Tables **5 – 8**
Ease of use by trainers	Tables **9 – 12**
Affordable to develop and deploy	Tables **13 – 16**
Enhances the discussion, lecture, and hands-on learning	Tables **17 – 20**

RUTGERS School of Public Health   UMET UNIVERSIDAD METROPOLITANA SISTEMA UNIVERSITARIO ANA G. MÉNDEZ

Sponsored in conjunction with   NIH National Institute of Environmental Health Sciences Worker Training Program

Best Practices in Using Technology in HAZMAT Training
March 29–30, 2017 | The Condado Plaza Hilton, San Juan, Puerto Rico

E-learning & Minimum Criteria

Share Your Responses in Padlet

Have one person at your table open Padlet, then post your table and response(s)

Worker Training Program

E-learning & Minimum Criteria

- **E-literacy/user-friendliness:** How can we make the technology easier to understand and use from a student/trainee perspective?

- **Supports group learning and empowerment learning:** How can we ensure that the technology is conducive for a group learning activity? How can we ensure that the technology empowers trainees to make changes?

- **Ease of use by trainers:** How can we make the technology easier to use from a trainer perspective? How can we ensure that trainers are comfortable with using the technology?

- **Affordable to develop and deploy:** How can we find providers willing to work within our budgets? Do we need to develop something new? How can we find products that have already been developed and can be easily customized?

- **Enhances discussion, lecture, and hands-on learning:** What are the technologies that encourage discussion? What do those technologies have in common? What technologies can be inserted into a lecture to engage participants? What technologies can complement hands-on activities?
