## Your diary...

contains a card for each week of your participation. **Diary Questions** are to be answered each day. By filling in the diary every day, whether or not you are having your period, you will provide us with the very best information. When answering the questions, consider that each day ends at bedtime or midnight, whichever is easier. Please choose your answers from the choices shown by each question.

<b>Bleeding</b>	Please report ANY bleeding or spotting, even if it may not be time for your period.
<b>Pain</b>	Tell us about backache, cramps, or pain that you have with your period or ovulation.
<b>Medication</b>	Report ANY drugs taken for menstrual pain, including aspirin or Tylenol.
<b>Exercise</b>	Vigorous exercise includes activities that raise your heart rate or make you perspire, such as aerobics, jogging or swimming.
<b>Dieting</b>	If you dieted, answer "yes" EVEN if you did not lose weight.

At the end of each week, tear out that week's card. Drop it in the mail. The next week's card will then be ready for you. Check each card as you go to be sure the dates are correct.

## What if you...

<b>miss a day?</b>	It is important for you to answer the questions each day. If you should miss a day, go back to fill in the information IF you clearly remember what happened. If you have ANY doubt, please leave that box blank. Missing a day does not mean that you must drop out of the study. Simply continue filling in that week's card and mail it as usual.
<b>travel?</b>	What if you should be away from home? We still want each day's information. Please take the diary with you.
<b>forget to mail?</b>	What if you forget to drop your completed card in the mail? Mail it as soon as you remember. Each week's card is important and needed.

*If you feel there is something we should know, please tell us.  
There is a place on each card for comments.  
We also have a toll-free phone number:*
