

CURRICULUM VITAE

Name: Stavros Garantziotis, MD

Address: 3620 Sweeten Creek Rd.
Chapel Hill, NC 27514

Marital status: Married, to Sylvia Fernandes de Castro Costa, two children

Date and place of birth: 3/1/1971, Athens, Greece

Citizenship: US and Greek

US Visa Status: Citizen

Medical School, US equivalency:

1988-1994 Albert-Ludwigs-University, Freiburg, Germany (MD)
1995 Parts 1 and 2 of the USMLE
1998 Part 3 of the USMLE

Doctoral Thesis:

Hemoglobin Concentration Correlates with the Severity of Cerebral Vasospasm after Subarachnoid Hemorrhage. Albert-Ludwigs-University, Freiburg, Germany, 1993

Postgraduate education:

2/1995-6/1996 Internship in Internal Medicine, Ludwig-Maximilians-University Hospital, Munich, Germany
7/1996-6/1999 Internship and Residency in Internal Medicine, East Campus Program, Albert Einstein College of Medicine, Bronx, NY
7/1999-6/2000, } Fellowship in Pulmonary-Critical Care Medicine, Duke University
8/2002-8/2004 } Medical Center, Durham, NC

Extracurricular activities:

10/2000-5/2002 Mandatory military service, Ground Forces Medical Corps, Greece

Professional activities:

8/2004-8/2007 Clinical Instructor, Division of Pulmonary, Allergy and Critical Care Medicine, Duke University Medical Center, Durham, NC
8/2007-current Staff Clinician, Medical Director, Clinical Research Unit, National Institute of Environmental Health Sciences, NIH, HHS
2/2008-current Adjunct Assistant Professor of Medicine, Division of Pulmonary and Critical Care Medicine, University of North Carolina at Chapel Hill
2/2008-current Attending, Durham VA Medical Center
3/2011-current Adjunct Associate Professor of Medicine, Duke University Medical Center
2/2013-8/2016 Acting Director, Clinical Research Program, National Institute of Environmental Health Sciences, NIH, HHS

Specialty certifications and recertifications:

1999, 2009 Internal Medicine (American Board of Internal Medicine)
2003, 2013 Pulmonary Medicine (American Board of Internal Medicine)
2005, 2015 Critical Care Medicine (American Board of Internal Medicine)

Awards/Societies:

Member- American Thoracic Society, American College of Chest Physicians

Medical License- Federal Republic of Germany

Medical License- North Carolina Medical Board

Leo M. Davidoff Society of the Albert Einstein College of Medicine: Certificate of Distinction for outstanding Achievement as a House Officer in the Teaching of Medical Students, 1997, 1998, 1999. Honorary Induction as Member, 1999

2010 NIEHS Director's Merit Award

2013 NIEHS Director's Merit Award

2016 NIH Director's Merit Award

Peer Review Activities:

Editorial Board: American Journal of Respiratory Cell and Molecular Biology
 American Journal of Physiology – Lung Cellular and Molecular Physiology
 PLoS One

Ad hoc (selected, in alphabetical order):

 American Journal of Respiratory and Critical Care Medicine

 American Journal of Transplantation

 Biochemical Pharmacology

 Archives of Environmental Contamination and Toxicology

 Chest

 Critical Care Medicine

 Glycobiology

 JAMA

 Journal of Clinical Investigation

 Journal of Infectious Diseases

 PLoS ONE

 Panamerican Review of Public Health

 Respiration

 Scottish Medical Research Council

 Swiss Medical Journal

Member, Meeting Planning Committee, American Thoracic Society, Assembly for Allergy, Immunology and Inflammation

Member, Planning Committee, 9th International Conference on Hyaluronan, June 2013

Member, Planning Committee, 10th International Conference on Hyaluronan, June 2015

Invited Speaker:

1. Contributions in Transplantation 2006 – Barcelona, Spain, April 2006. Title: Innate immunity promotes lung transplant rejection after environmental injury
2. American Thoracic Society International Conference, San Francisco, CA, May 2007, Sunrise Seminar. Title: The Role of Lung Transplant in the Management of Patients with Idiopathic Pulmonary Fibrosis
3. National Cancer Institute, Laboratory of Cell and Cancer Biology Research Talk, Gaithersburg, MD, September 2007. Title: Inter-alpha-trypsin inhibitor and extracellular matrix: a tale of many interactions.
4. Brown University Pathobiology Graduate Program Seminar Series. Providence, RI, January 29, 2009. Title: Matrix revisited: the role of inter-alpha-inhibitor proteins in lung injury.
5. East Carolina University, Greenville, NC, December 17, 2009. Title: Hyaluronan role in the development of airway hyperresponsiveness.

6. Aichi Medical University, Nagoya, Japan – June 2010. Title: Hyaluronan binding blockade abolishes airway hyperresponsiveness in murine models of asthma.
7. 8th International Hyaluronan Symposium, Kyoto, Japan – June 2010: Title: Cell stretch induces epithelial to mesenchymal transition in alveolar epithelia through hyaluronan activation of innate immunity
8. 2010 NIH research festival (October 2010), Bethesda, MD: Title: Hyaluronan in asthma – a new therapeutic target?
9. University of Alabama at Birmingham, January 2011, Birmingham, AL: Title: Hyaluronan role in the development of airway hyperresponsiveness.
10. American Thoracic Society International Conference, Denver, CO, May 2011: Title: Cell stretch induces epithelial to mesenchymal transition in alveolar epithelia through hyaluronan activation of innate immunity
11. NIH Grand Rounds, February 2012: Environmental injury reprograms hyaluronan interactions with innate immunity: a final common pathway to airway disease
12. 9th International Conference on Hyaluronan, Oklahoma City, June 2013. Title: Hyaluronan in asthma – a therapeutic target.
13. UNC Eschelman School of Pharmacy, October 2013. Title: Translational Research In the NIEHS Clinical Research Unit: Effects of Nano-sized cerium dioxide on human immune and airway cells.
14. Cleveland Clinic Department of Pathobiology, April 1, 2014. Title: Mechanistic insights into hyaluronan-mediated airway hyperresponsiveness.
15. European Respiratory Society Annual meeting, September 6-10, 2014 Munich, Germany. Title: Hyaluronan: role and function in the respiratory tract
16. East Carolina University, Greenville NC, Fall 2014. Title: Hyaluronan signaling in environmental airway disease
17. 10th International Conference on Hyaluronan, Florence, Italy, June 9, 2015. Title: Hyaluronan signaling in airway disease.
18. Ohio State University, August 10, 2015. Title: Hyaluronan-Innate Immune Signaling in Environmental Airway Disease
19. Cleveland Clinic, August 27, 2015. Title: Hyaluronan-Innate Immune Signaling in Environmental Airway Disease
20. Case Western University, August 28, 2015. A) Title: Hyaluronan-Innate Immune Signaling in Environmental Airway Disease. B) Title: Building a successful Translational Research Program in Pulmonary Disease
21. University of Alabama, Birmingham, Department of Anesthesiology, December 22, 2015. Title: Cell-matrix interactions in lung injury: role of TLR5 and primary cilia.
22. National Jewish Division of Pulmonary and Critical Care Medicine. April 13, 2016. Title: Role of TLR5 in environmental lung injury and human lung disease.
23. University of Alabama, Birmingham, Division of Pulmonary, Allergy and Critical Care Medicine Grand Rounds, November 16, 2016. Title: Role of primary cilia in airway remodeling

Patents

Hyaluronan antagonists for the treatment of airway hyperresponsiveness in asthma (pending)

Funding support-Past-

American Thoracic Society / American Society of Transplantation Partnership Grant (PI: Garantziotis) 1/1/2006-12/31/2008

To investigate the effects of innate immune activation on alloimmune lung injury in a novel murine model.

National Institute of Environmental Health Sciences (intramural) (Co-PI: Garantziotis)
7/2010-7/2013
Coupling of the Innate Immunity Response, DNA damage, and p53 Networks of the Macrophage

Funding support-Current-

1ZIA ES 102605 PI: Garantziotis 08/2008-current
The role of hyaluronan and inter-alpha-trypsin inhibitor in tissue injury
This project investigates the role of two abundant but understudied extracellular matrix molecules, hyaluronan and inter- α -inhibitor, in the response to environmental lung injury.
