

EPR Data Sharing Agreement

It is required that collaborators review and sign the following pledge of confidentiality prior to receiving EPR data.

I hereby certify that I will keep completely confidential all information arising from EPR data concerning individual respondents to which I gain access. I also certify that I will abide by all requirements of the NIEHS Institutional Review Board (IRB) and other applicable IRBs. Beyond the research team, I will not discuss, disclose, disseminate, or provide access to survey data and identifiers except as authorized in writing by the EPR Investigators. I shall use the EPR data only for approved purposes. I am also aware that I am responsible for the compliance of all other personnel under my supervision who have access to the data provided to me by the EPR. I agree to report any breaches in confidentiality to the EPR Investigators within 24 hours of their being discovered. I give my personal pledge that I shall abide by this assurance of confidentiality.

If participant contact is planned, I agree to provide quarterly reports to the EPR contractor detailing results of contact outcomes and enrollment status. I will submit a written progress report summarizing on-going work on data analyses, analytes measured, and/or data collected annually to the Principal Investigator.
