

## NIH Climate Change and Health Webinar Series

# Climate Change, Air Pollution, and Health: What Lies Ahead

### HOSTED BY

**National Heart, Lung, and Blood Institute**

**February 22, 2022**

**1:00 - 2:00 p.m. EST**

*Free, Open to the Public,  
Registration required*

### Speakers

- **WELCOME:** **Gary H. Gibbons**, M.D., NHLBI Director
- **Jonathan M. Samet**, M.D., M.S., Colorado School of Public Health
- **Tami Bond**, Ph.D., Colorado State University

Climate change will influence air pollution, changing the mix of air pollution sources and the generation of air pollution. The health consequences of air pollution will be affected as a result, both favorably and unfavorably. This webinar will address how the nexus of climate change, air pollution, and health will evolve with mitigation and adaptation to climate change.

### American Disabilities Act Accommodations Requests

Individuals with disabilities who need accommodations to participate in this meeting should contact Kerri Voelker ([kerri.voelker@nih.gov](mailto:kerri.voelker@nih.gov) or 919-794-4710). TTY users should contact the Federal TTY Relay Service at 1-800-877-8339. Requests should be made at least 5 business days in advance of this meeting.
