

# High Impacts Tracking System

## Tag List

 <p><b>award</b></p> <hr/> <p>Honored for research or service (AAAS, IOM, SOT, etc)</p>	 <p><b>biomarker</b></p> <hr/> <p>Identified a new biomarker for an exposure or health outcome</p>	 <p><b>clinical impact</b></p> <hr/> <p>New treatment or other patient-related impact</p>
 <p><b>collaboration</b></p> <hr/> <p>Collaboration between research partners</p>	 <p><b>community partnership</b></p> <hr/> <p>Formed a new partnership with community members</p>	 <p><b>congressional briefing</b></p> <hr/> <p>Presented data to Congress to inform decision-making</p>
 <p><b>curriculum</b></p> <hr/> <p>Created or revised a set of teaching instructions</p>	 <p><b>data available</b></p> <hr/> <p>Data made publicly available for others to use</p>	 <p><b>data, software, models</b></p> <hr/> <p>Developed databases, software, or statistical models</p>
 <p><b>economic impacts</b></p> <hr/> <p>Impact on health care costs, remediation or income</p>	 <p><b>fact sheets, materials</b></p> <hr/> <p>Created documents to communicate findings</p>	 <p><b>gene identification</b></p> <hr/> <p>Identified genes associated with exposure susceptibility</p>
 <p><b>leadership</b></p> <hr/> <p>Researcher nominated to a significant leadership position</p>	 <p><b>measurement tools</b></p> <hr/> <p>Developed new tools to measure exposures</p>	 <p><b>media coverage</b></p> <hr/> <p>Coverage of research findings in mass media or social media</p>
 <p><b>meetings or workshops</b></p> <hr/> <p>Hosted meetings or workshops to discuss findings</p>	 <p><b>meta analysis</b></p> <hr/> <p>Conducted meta analysis of environmental health findings</p>	 <p><b>methodology</b></p> <hr/> <p>Created a new process for analyzing exposures</p>
 <p><b>model system</b></p> <hr/> <p>Created a new model system (animal, plant, cell, etc.)</p>	 <p><b>patent</b></p> <hr/> <p>Awarded a patent for a new innovation</p>	 <p><b>policy, regulation</b></p> <hr/> <p>Research informed a policy, regulation or legislation</p>
 <p><b>publications</b></p> <hr/> <p>Significant publication, like the cover story of <i>Nature</i> or <i>Cell</i></p>	 <p><b>public health</b></p> <hr/> <p>Implemented an intervention that improved public health</p>	 <p><b>remediation</b></p> <hr/> <p>Improved environmental remediation methods</p>
 <p><b>scientific finding</b></p> <hr/> <p>Major scientific finding that moves the field forward</p>	 <p><b>success stories</b></p> <hr/> <p>Stories that demonstrate success and achievement</p>	 <p><b>subsequent research</b></p> <hr/> <p>Additional funding from NIH or others to continue research</p>
 <p><b>training</b></p> <hr/> <p>Conducted training for stakeholders, also mentoring</p>	 <p><b>translational research</b></p> <hr/> <p>Bridging of research from one translational area to another</p>	<p><b>icon acknowledgements</b></p> <hr/> <p>Becris, Gregor Cresnar, Freepik, Madebyoliver, OCHA, Vectors Market</p>
