Discussion Groups

All participants will have the opportunity to attend two discussion groups (one from Track A and one from Track B). Some discussion topics are in both Track A and Track B; however, attending the same discussion topic twice is **not** recommended. For instance, a participant may choose to participate in the “Mapping and Spatial Analysis” discussion in Track A, but would probably want to select a different topic, such as “Informing Policy and Regulations” discussion in Track B.

Participants should look at the chart below and choose which topic they are interested in for each time slot.

Track A (3:00 – 3:45)
